

## **Mobile Classes Offered by Jacobs Trading**

Thank you for your interest in hosting a class with Jacobs Trading! Below is a list of the classes we currently offer! Upon scheduling a date for a class, a 15% deposit is due to hold your booking. Deposits are non-refundable. One week before your scheduled date the Minimum Payment (outlined for each class below) will be due, minus your deposit.

If you are unable to reach the minimum class size, but still wish to book, the minimum payment will stay the same. This means that your cost for each participant will be slightly higher. If you know the exact amount of participants one week before, we can bill for the full amount at that time. If you will be unsure on exact number, we can bill the remaining number of outstanding participants the day of the booking.

Methods of payments for Deposits and Minimum payments can be made by Cheque, or Credit Card.

Methods of payment accepted on the day of your booking for remaining unpaid participants is by Debit, Credit Card, or Cash (no cheques).

Please note the initial Minimum Payment must be made in one full payment; Jacobs Trading cannot collect the Minimum Payment from multiple individuals. If there is a remaining balance due the day of your booking, this can then be billed individually if needed.

Classes can be held at our location or yours!

Please note, for classes being held outside the city of Winnipeg there will be a mileage charge. Please ask for a quote for your location.

Following is a brief overview of our classes. Please request more info for the classes you are interested in and we will send you the full information pamphlet for that class.
